Back by popular demand, Krasi will teach this sweet and savory cooking class. The children will be working on measuring, slicing, and squeezing. We will learn basic cooking techniques, kitchen safety, and cooking chemistry. The children will also be working on table manners, our food pyramid, and also be able to explore food from all around the world. Best of all we will end each class with a homemade treat, which will leave you wanting more! You will also receive a cookbook of all the recipes for you to share with your family.
